

Andrei Lysenko

Full Stack Developer

(415) 846-5062 | andrei@aply.tech | Sonoma, CA

Summary

Full Stack Developer with experience building and maintaining responsive, accessible websites using PHP, Twig, WordPress, JavaScript, React, and Next.js. Comfortable working across the stack, from mock-ups to deployment. Strong focus on performance, accessibility, and clean, scalable code.

Skills

Languages & Frameworks:

JavaScript, PHP, C++, Python, React, Next.js, Twig, WordPress, Svelte, Redux

Frontend Development:

HTML, CSS, SCSS, BEM, Responsive Design, Figma

Backend & CMS:

Headless WordPress, ACF, SQL, REST, GraphQL, CRUD

Tools & Workflow:

GIT, Unit Testing, WCAG Compliance, Axe Dev Tools, Siteimprove

Work Experience

U.C.P.N.B. – Cypress School | Teacher's Aide

January 2023 – Present

- Supported daily living skills for 6+ students with developmental disabilities, promoting independence and smoother transitions into long-term care environments.
- Tracked behavioral patterns in Catalyst and maintained detailed progress notes, ensuring timely communication with behavioral and speech therapy teams to guide intervention strategies.
- Floated across multiple classrooms to assist students in crisis, contributing to a measurable decrease in behavioral incidents from daily occurrences to rare and manageable events.

Computer Courage | Junior Full Stack Developer

April 2022 – December 2023

- Developed and launched 4 major websites from Figma mock-ups using WordPress and React; coordinated closely with teammates through weekly code reviews and project updates.
- Built mobile-first responsive websites that improved cross-device usability, resulting in increased engagement and smoother client sign-off during QA stages.
- Ensured WCAG compliance across all sites using Axe Dev Tools and Siteimprove, leading to accessibility improvements and fewer client revisions post-deployment.
- Deployed sites for high-profile clients including Berkeley Human Rights Center and HAAS Fund and maintained legacy projects to meet modern standards for accessibility, performance, and cross-browser compatibility.

BestBuy – Geek Squad | Consultation Agent

July 2019 – April 2022

- Delivered personalized training on consumer electronics and software tools, boosting customer confidence and improving satisfaction scores in post-visit surveys.
- Managed service tickets and documented technical issues with clarity, enabling faster handoffs between teams and reducing average resolution time.
- Maintained real-time updates with customers regarding repairs and service timelines, improving transparency and strengthening long-term customer relationships.

Education

Santa Rosa Junior College — A.S. in Computer Science (In Progress)

2024 – Present

Lambda School (now BloomTech) — Full Stack Web Development & Computer Science

2019 – 2021
